According to Morgan.

Senator Morgan, of Alabama,

than whom there is no wiser man in

congress, has given expression to

some interesting views in regard

to the Democratic outlook for 1904.

He believes that the Democrats

ought to win next year with any

sort of prudent management.

"The signs are all propitious,"

he says, "for a Democratic year."

The Republicans are in an ex-

cessively vulnerable way on the

tariff and finance questions.

Democrats will insist upon free

trade between the states and the

insular territories as between the

older states.

"On this question the Repub-

licans are badly divided. The Re-

publican finance proposition, es-

pecially as embodied in the Al-

drich bill, were full of fallacy.

Lending the credit of the coun-

try to favored national banks was

contrary to Democratic doctrine

and national banking should be

done on specie."

Senator Morgan's characteristic

insight has revealed the true weak-

ness of the Republican position.

That party's colonial policy has

involved it in a maze of difficulty

especially as regards intercolonial

tariff, from which it cannot pos-

sibly extricate itself; and the Re-

publican financial schemes are not

only opposed by the sober judg-

ment of the country but are mutu-

ally inconsistent. The growing

unpopularity of Roosevelt is an-

other source of weakness.—Ex.

The national pension roll, it is

at last announced is decreasing in

numbers. It is time that some-

thing of this kind should happen,

as many of the soldiers who fought

against the south have died, and

passed away. It is a shame

that any country should pay such

enormous amounts yearly in pen-

sions.—Ex.

An Editor's Opinion.

The editor of the Charleston, S. C.

"Enquirer" takes special pleasure

in recommending ALLEGION LINIMENT

as most effective remedy for rheumatic

pains. It is a splendid emergency rem-

edy and should be kept constantly at

hand.

W. C. DeLoach Falls.

The grocery store of Mr. W. C. DeLoach was closed on Saturday. The closing was the result of an agreement between himself and his creditors. Mr. DeLoach decided that he was not making any money and took an inventory. His liabilities being about \$1850. He held a conference with his leading creditors and turned the goods over to them and they are to receipt him against all claims.

Ran A Ten Penny Nail Through His Hand.

While opening a box of J. C. Mount, of Three Mile Bay, N. Y., ran a ten penny nail through the fleshy part of his hand. "I thought at once all the pain and soreness this would cause me," he says, "and immediately applied Chamberlain's Pain Balm, and occasionally afterwards. To my surprise it removed all pain and soreness and the injured parts were soon healed." For sale by all Druggists.

When you are in town don't fail to go to Miss Sallie Wimberly's, she has something pretty and new in ladies' hats that she would like to show you.

FIERCE FIRE

SWEEPS SAVANNAH.

Sach., Oct. 3.—Savannah was visited tonight by the most disastrous fire it has suffered in years. The loss fell upon but one concern, John Roukes Iron Works and Marine Railway, but it was severe. Mr. Rouke himself announced his loss as being \$125,000 with insurance a little short of \$50,000.

The fire started or was discovered at 8:40 o'clock. Forty minutes before the night watchman had his rounds and found nothing amiss. When he saw the flames, they were bursting through the roof of the casting room. Almost at the same time there was a loud explosion of cartridges and powder in the casting room, and this caused immediate spread of the flames.

The watchman ran to a telephone and sent in the alarm. In a remarkably short time the entire department was on the scene to fight the first really big fire it has had to cope with in several years. Such a start had been gained by the flames through the nature of the contents of the building and through the explosion, however, that fireman found that they could direct their efforts with more advantage to the saving of surrounding property on Bay street.
